Exercise 1

Suppose you used only 1 type of block to model each number.

How many hundreds blocks would you need to model 2000?

- a.20
- b.200
- c.40
- d.100

Exercise 2

How many thousands blocks would you need to model 2000?

- a. 10
- b. 2
- c. 20
- d. 200

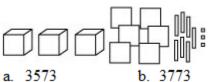

Exercise 3

How many hundreds blocks would you need to model 4000?

- a. 20
- b. 400
- c. 40
- d. 10

Exercise 4

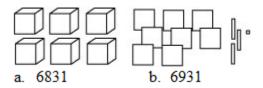

What number does this model show?

- c. 3663
- d. 3673

Exercise 5

What number does this model show?

- c. 6731
- d. 6821
